### Power through prayer and laying on of hands

- *And it happened that the father of Publius lay sick of a fever and dysentery. Paul went in to him and prayed, and he laid his hands on him and healed him. Acts 28:8*
- *Long term issues with self-absorption (pride, grief, anguish) have been associated with lung challenges.*
- Daily prayer – Lord, I ask You to heal me by the stripes that Jesus bore for my physical healing. (Lay your hands on your lungs.) Therefore in Jesus name I speak to my lungs to be made clean, sanctified, and completely restored by the power of Your word. I tell my lungs that the Bible says that "Let everything that has breath praise the LORD". (Psalm 150:6) I ask You to send this nutrition to where it is needed to support the health of my lungs and overall well-being.
